Virtual Urgent Care

Scan the QR code to schedule a virtual appointment.

What is Urgent Care?

Offering extended hours seven days a week including holidays, IHA Urgent Care is just what the patient ordered. No more waiting for hours in an Emergency Room, now you have a quicker, more cost-effective alternative that fits your schedule... and your budget.

We treat non-life-threatening medical conditions, such as:

- Abdominal pain (non-severe)
- Headaches
- Back pain and neck pain
- Colds, coughs and flu symptoms
- Cuts requiring stitches
- Conjunctivitis (pink eye)
- Sports physicals
- Flu shots
- Sore throats, ear infections and sinus infections
- Seasonal allergies
- Skin rashes
- Bumps, cuts, sprains and strains
- Most fracture care, including splinting and bracing
- Imaging
- Minor eye problems
- Minor procedures, including laceration repair
- Minor head injuries
- Mild to moderate allergic reactions
- Mild to moderate asthma
- Urinary tract infections (UTIs)

Save Your Spot
bit.ly/IHAurgentcare

Skip the wait and save your spot at our urgent care locations. Your saved spot is not a guaranteed appointment, but an option that allows you – or a sick family member – to seek care at a time that is convenient.

Please visit us online for the most up-to-date hours at:
IHAcare.com/urgentcare

What is Internal Medicine/Pediatrics?

With a focus on lifelong preventive health care and overall well-being, our internal medicine and pediatric physicians and staff specialize in primary care for infants, children and adults. Internal Medicine/Pediatrics, sometimes called Med-Peds, is the combination of Internal Medicine (primary care for adults) and Pediatrics (primary care for infants, children and adolescents). Physicians receive an additional year of training and are board-certified in both internal medicine and pediatrics.

Pediatric Specialties in Oakland

Oakland Medical Office Building
44555 Woodward Ave.
Pontiac, MI 48341

P: 248-287-7500 **F:** 248-287-7501

A collaboration with our teams:

Cardiology

Suite 105

Clinton Cochran, MD
Daniel Turner, MD

Pediatric Cardiology is different from the way cardiologists treat adult patients. The structure of children's hearts is different and smaller than adults' heart structure. Pediatric cardiologists have special training and experience treating conditions that affect the structure or rhythm of children's hearts. Pediatric cardiologists work closely with your child's pediatrician. They don't do surgery.

Gastroenterology

Suite 505

Shuemein Julia Mar, MD

This clinic offers diagnosis and treatment of a variety of gastrointestinal diseases including inflammatory bowel disease, celiac disease, eosinophilic esophagitis, irritable bowel syndrome, gastroesophageal reflux disease (GERD), constipation, functional abdominal pain and functional dyspepsia. We also offer diagnostic upper endoscopies and colonoscopies.

Hematology Oncology

Suite 505

Jennifer Blase, MD, PhD
Kelley Ellis, CNP

This clinic offers comprehensive care for pediatric cancers and blood disorders. Specifically, we offer both outpatient clinic appointments and infusion services for chemotherapy, blood products, and treatments for immune deficiencies.

Ophthalmology

Suite 405

Christopher Gappy, MD

Our clinic offers primary care of common children's eye problems as well as comprehensive evaluations and follow-up for children with simple or complex eye and vision disorders. We provide short-term treatment of immediate problems, as well as long-term rehabilitative care and monitoring of visual development in children and adolescents.

Orthopaedics

Suite 505

Kristina Sinacori Walick, MD
Olivia Mears, PA

Our team provides full-service care to newborns through young adults. Children with a bone, muscle or joint issue deserve comprehensive treatment from experts who specialize in caring exclusively for children and their unique needs. We believe that a team-based approach to musculoskeletal health, where bone and joint specialists with different backgrounds work together, provides the optimal care for each individual patient.

Surgery

Suite 505

Joseph Church, MD
Ronald B. Hirschl, MD
Erika A. Newman, MD
George B. Mychaliska, MD
Meghan Arnold, MD
Samir Gadepalli, MD
Erin E. Perrone, MD
Robin Petroze, MD
K. Elizabeth Speck, MD
Arul S. Thirumoorthi, MD

Pediatric surgery is the diagnostic, operative, and postoperative surgical care for children with congenital and acquired anomalies and diseases, be they developmental, inflammatory, neoplastic or traumatic.

Urology

Suite 105

Julian Wan, MD

Pediatric urologists offer evaluation, diagnosis and treatment for infants, children and adolescents with abnormalities involving the kidneys, ureters, bladder, urethra and the reproductive organs of children. From routine, simple procedures to rare and complex conditions, we offer innovative, evidence-based treatment and a unique level of support and resources for children and families.

OB Ultrasound

We have six locations for OB (obstetric) ultrasound. OB ultrasound is located within Maternal-Fetal Medicine Arbor Park, Oakland Campus and West Arbor, as well as Trinity Health Ann Arbor and Trinity Health Livonia. OB Ultrasound has an additional location in Obstetrics & Gynecology - Genoa. A specially trained person known as a registered diagnostic medical sonographer (RDMS) will perform the examination which will be reviewed by a physician trained in fetal imaging.

Breastfeeding Medicine

Our International Board Certified Lactation Consultants (IBCLC) are board-certified providers or registered nurses who can provide you with expert care before, during and after your baby is born to ensure that you have the support and education you need to feel comfortable and confident in your decision to breastfeed. All lactation consultants provide breastfeeding support consistent with the recommendations of both the American Academy of Pediatrics, the International Board of Lactation Consultant Examiners and the Academy of Lactation Policy and Practice.

Reichert Medical Center

Beth Hoskins, LPN, IBCLC

Lactation consultants are available for one-on-one breastfeeding assistance. They can handle many types of breastfeeding issues including, but not limited to:

- Basic breastfeeding education
- Support and encouragement
- Help continuing with breastfeeding after returning to work or school
- Latch-on problems
- Sore nipples or engorgement
- Slow weight gain of infant
- Insufficient breast milk
- Medical conditions such as prematurity, Down syndrome, cleft lip and/or palate
- Breastfeeding multiples

Urogynecology and Reconstructive Pelvic Surgery

Urogynecology and Reconstructive Pelvic Surgery is a subspecialty of obstetrics and gynecology that focuses specifically on treating women with pelvic floor disorders, including pelvic organ prolapse, urinary or fecal incontinence, and overactive bladder. These disorders are treated through a combination of both surgical and non-surgical methods with the goal of enhancing the quality of life for affected women. Obstetrician/gynecologists undergo additional fellowship training in this subspecialty.

Collaborative Care Behavioral Health Program

We work with patients who may have anxiety and/or depression – right here in your physician's office! Our team is made up of a behavioral health specialist, your physician and a psychiatrist who talks with your doctor and behavioral health specialist. We all work together to help improve your overall well-being. In this program, the behavioral health specialist works with you to build skills and techniques to better manage your depression and/or anxiety. If you are interested in using medication to help control your symptoms, our team psychiatrist will talk to your behavioral health specialist and your physician to figure out the best treatment options.

Behavioral Health Program

- A behavioral health specialist will work with you for 3-6 months offering brief behavioral interventions
- They will check in often with you over the phone or at your physician's office
- A psychiatrist consults with your behavioral health specialist and your primary care physician to help determine treatment options
- Your behavioral health specialist only works with patients experiencing depression and anxiety

Women's Behavioral Health Care

We empower women ages 16 years and older to cope with issues and challenges.

Services are available for the following areas:

- Preconception health and wellness
- Mood and anxiety concerns
- Sexual assault
- Domestic abuse
- Unresolved trauma
- Infertility, pregnancy loss and adoption
- Marriage or relationship concerns
- Parenting concerns
- Self-esteem problems
- Grief and loss issues

Pediatric Behavioral Health Care

Our care team empowers children and their families to cope with behavioral issues and challenges so they can work toward healthy family growth.

Behaviors addressed include:

- Depression or anxiety
- Behavior concerns disruptive to school or home life
- Sleep issues
- Coping with stressful events such as illness, death in the family, starting or changing schools
- Problems with friends or bullying
- Divorce or remarriage
- Post-traumatic experiences

Before you rush to the ER, Call your Primary Care Office or 844-IHA-DOCS first!

You can call us 24 hours a day, 7 days a week!

PRIMARY CARE

For care and treatment of routine or immediate needs that are not life-threatening

For all medical concerns contact your primary care provider first. Your primary care provider is the most familiar with your medical history and provides routine or immediate care when it is not an emergency

- | | | |
|---------------------|------------------------------------|---------------------|
| Allergies | Animal or Insect Bite | Asthma |
| Back Pain | Cold & Flu Symptoms | Diabetes |
| Ear Pain | Gastrointestinal or Stomach issues | Headaches |
| High Blood Pressure | Immunizations or Shots | Pink Eye |
| Preventive Care | Rashes | Routine Well Visits |
| Sore Throat/Cough | Urinary Tract Infection | Women's Health |

URGENT CARE

For immediate but not life-threatening needs, when your Primary Care provider is unavailable

Call your Primary Care Office first if you believe you should go to an Urgent Care. Urgent care has evening and weekend hours when your primary care provider may not be available.

- | | | |
|-------------------------|-----------------------|-----------------------|
| Allergic Reaction | Animal or Insect Bite | Asthma Attack |
| Back Pain | Broken Bones | Cold and Flu Symptoms |
| Ear Pain | Minor Head Injuries | Pink Eye |
| Rashes | Sore Throat/Cough | Sprains and Strains |
